VISUAL - Front Sideline Frames – FCSL

The **FC DESIGN CORPS** Sideline Screens are the most essential prop for enhancing your performance area to help portray your show concept and hide color guard equipment & costume changes. These can also be turned on end for a tall, narrow display.

These fold to store in a 2” width and the legs pop out for a 15 degree angle. Weight is between 35-50 lbs depending on size.

These can be configured into 3', 4', 5' tall x 7.5', 8', 10' wide sizes.

Most Popular size: 4' tall x 10' wide (FCSL14)

Accessories/Add-ons are available for FC DESIGN CORPS products.
