## VISUAL STAGE BOX STEPS

The **FC DESIGN CORPS** Stage Box Steps unit is designed to work with the Stage Boxes allowing performers to access the taller boxes. The casters and feet are built entirely within each box so that each section stacks flush with the next section.

Each stair has 2 casters and uses the never-failing gravity system as a brake. They are light enough to be moved by one person and braced so that the person moving it will not wreck their shins!

FCBOX-STEP: 4'(w) x 3'(h).

Includes 8" Ever-Roll fixed casters.

**Accessories/Add-ons are available for FC DESIGN CORPS products.**

All **FC DESIGN CORPS** Products are made in the USA and come with a limited 3-year structural warranty.
