## VISUAL PORTABLE STAGE BOXES

The **FC DESIGN CORPS** Portable Stage Box is a fast and portable way to add layers and levels to your field presentation. All boxes feature a large 4' x 4' platform and are available in 2', 3' and 4' heights. The casters and feet are built entirely within each box so that each section stacks flush with the next section. You can quickly build a large stage with no gaps.

Each box has 2 casters and uses the never-failing gravity system as a brake. They are light enough to be moved by one person and braced so that the person moving it will not wreck their shins! The framing also includes bolt tabs that make it easy for your band dads to add a shelf or attach skirting.

FCBOX1: 4'(l) x 4'(w) x 1'(h).

FCBOX2: 4' x 4' x 2'.

FCBOX3: 4' x 4' x 3'.

FCBOX4: 4' x 4' x 4'.

Includes 8" Ever-Roll fixed casters.

**Accessories/Add-ons are available for FC DESIGN CORPS products.**

All **FC DESIGN CORPS** Products are made in the USA and come with a limited 3-year structural warranty.
